Welcome

Happy Holidays! I am treading very closely to this being a Winter edition of the PEICPT newsletter. It has been a busy fall, as I can expect for all of you. November is always a busy time with membership renewals, we had an additional 6 PT Residents successfully complete the Alternate Plan and a few new graduates register as PT Residents. I am happy to report we have had no complaints!

On behalf of the PEICPT, I'd like to wish you and those close to you warm wishes and a joyous holiday!

Cheers,

Jennifer Kelly PT
Registrar

Canada Winter Games Volunteers

As much of the Island prepares for the 2023 Canada Winter Games on PEI this winter, we are doing the same at the PEICPT. If you are aware of any PT colleagues that intend to travel to the Island to volunteer as a physiotherapist, please ask them to contact the College in January to ensure they have adequate time to obtain their temporary/special license.

This is a good reminder that if you intend to travel out of province to provide physiotherapy, you should investigate ahead of time what each province/territory requires. This could be for sports coverage, continuing education, etc. Most will charge \$25-75, they will require proof of your liability insurance and a letter of good standing (some provinces call this a Regulatory History form). It can take up to a week to be processed. I have had some panic emails/texts, requesting documents to be completed and signed off on, as members were unaware of this requirement!

Paypal

The PEICPT no longer uses PayPal as a payment option. Our website is under going upgrades and there may be a prompts that remain for the next little while. If you can, could you please e-transfer to contact@peicpt.com if a payment is required. Thank you!
